

FIRE PROTECTION LTD

OCCUPATIONAL HEALTH AND SAFETY POLICY STATEMENT OF INTENT

It is the policy of Fire Protection Ltd to carry out all reasonably practicable measures to ensure the health and safety of **employees** and **sub-contractors** and to prevent any damage to property as a result of our work operations. We also, accept our responsibility for the health and safety of other people who may be affected by our activities.

The Company believes that all accidents and injuries can be prevented by implementation of its policy, which can be achieved by complying with statutory regulations and actively promoting a positive attitude to all aspects of health, safety and welfare by all **employees**.

In pursuing this policy the Company will: -

Pay particular attention in providing information, instruction and training for its **employees**,

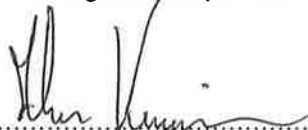

Ensure that all accidents are properly reported and investigated. Require **sub-contractors** to adopt standards and attitudes consistent with and no less than our own.

All **Managers** together with their **staff** and with the assistance of the **Safety Advisor** are responsible for observing and implementing this policy for those activities, which they control.

A successful policy requires the full and ongoing co-operation of **everyone**. Each **person** should remember to maintain a positive attitude with all aspects of health and safety, not only for **themselves** but for **others**.

Fire Protection Ltd; has established an occupational health and safety management system to minimize risk to personnel and other people who could be exposed to hazards associated with its activities. It has implemented, maintains, continuously improves and audits the OH&S system and is committed to maintaining certification of the OH&S system to the requirements of BS ISO 45001:2018

The company will ensure that there are arrangements put into place for the effective planning, development and review of this policy statement.
